## **DETAILED ACTION**

### ***Response to Amendment***

In view of the amendment filed on 3/15/05 the prior rejections of claims under 35 USC 112, 35 USC 102(b) and 35 USC 103(a) are hereby withdrawn.

Claims 21-43 are allowed.

The following is an examiner's statement of reasons for allowance: Prior art of record particularly Hooper, at least fails to teach or suggest adding of energy to the circulating in the annulus resulting in increasing a force asserted against a bottom surface of the wellbore by the drill string. The prior art of record also fails to show or suggest extracting energy from the fluid in the drill string and transferring at least a portion of the energy through a pressure-bearing boundary of the drill string to the fluid flowing in the annulus in the newly added claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
